

INSPECTION REQUIREMENTS FOR BUILDING, ELECTRICAL, MECHANICAL & PLUMBING

PERMIT APPLICATIONS: All permits are issued by the Building Official. Applications for Building, Electrical, Mechanical and Plumbing permits are available at the Township Offices or downloadable on the Township website. For more information, contact Thomas Scheuffele, 989-389-7931.

BUILDING INSPECTIONS: The following three (3) inspections are required unless modified by the Building Inspector. 24-hour notice required. **Call Justin Schneider (989) 429-9296** with your name, project address, permit number, type of inspection, and a return phone number to schedule the inspection.

- **FOOTINGS / FOUNDATIONS:** This inspection must be completed PRIOR to pouring concrete.
- **ROUGH FRAMING:** This inspection must be completed BEFORE any structure is covered and AFTER electrical, plumbing, and mechanical rough inspections are approved.
- **FINAL:** To be scheduled after the project is complete. This is required for a Certificate of Occupancy.
- **SPECIAL INSPECTIONS:** At any time during construction or as specified on the permit.

ELECTRICAL INSPECTIONS: The following two (2) inspections are required unless modified by the Electrical Inspector. 24 hour notice required. **Call Bill Uhouse (989) 329-1344** with your name, project address, permit number, type of inspection, and a return phone number to schedule the inspection.

- **ROUGH**
- **FINAL**

MECHANICAL and PLUMBING INSPECTIONS: The following two (2) inspections are required unless modified by the Mechanical / Plumbing Inspector. 24 hour notice required. **Call Larry Dantzer (989) 965-3515** with your name, project address, permit number, type of inspection, and a return phone number to schedule the inspection.

- **ROUGH**
- **FINAL**
